

## Shuttle Bus at the Airport

A: Is this where I catch the Super Shuttle?

B: Yes, this is where you catch the Super Shuttle. Where are you headed?

A: I am headed home to Pasadena.

B: You can tell where each van is headed by the name on the front of the van. I am the driver for Glendale, but your van should be along in a minute.

A: Do you know how much it costs to get to Pasadena?

B: I believe the cost of that trip is sixty dollars.

A: Do you know if the shuttle goes directly to Pasadena, or does it make a lot of stops?

B: Before you pay the driver, you need to ask him. He needs to be upfront with you about the number of stops he will be making.

A: Do I need to have exact change?

B: You don't need exact change, but it is useful to have smaller bills.

۲

A: They told me inside that I should catch the Super Shuttle here.

B: You are in the right place to catch the Super Shuttle. What is your destination?

A: I am trying to get to my home in Pasadena.

B: Look at the sign on the front of the van to tell where each van is headed. My van is going to Glendale, but yours will be along in minute.

A: How much does a trip to Pasadena cost?

B: If I remember correctly, that trip costs sixty dollars.

A: I am hoping that this shuttle goes straight to my city without making a bunch of stops.

B: Always ask the driver how many stops he plans to make before you pay him.

A: If I have large bills, should I break them while I am waiting?

B: It is better if you have cash close to the amount of the fare. There is an ATM machine right over there.

B: The trip to Pasadena costs sixty dollars.

A: I need to know if this shuttle is going to make a lot of stops or go straight to Pasadena.

B: If you find out the driver will be making too many stops on the way, you may wish to wait for a more direct shuttle.

A: What should I pay the driver with?

B: There is an ATM machine over by that wall. It is best if you have bills close to the amount that you will owe.
